It's now time to kick back in that big comfy recliner, pull the footrest out, and set your drink down because you're gonna need both hands. We're going to fuck each other today. In ways you've seldom seen. No vibes or toys, just tongues and fingers in pussies and asses. You'll see that one finger is not enough, or two, or three. Does this sound really good to you? Last week I was at in the classroom when I noticed the professor checking me out. I was wearing my school uniform and trying to study hard when he came over and plopped his hard penis right in the middle of my schoolbook. Yikes! Next thing I knew I was bent over a desk and he was pulling my panties down. Yikes, again!

I'M LEARNING MY HARD LESSON 888-595-6833 MUST BE 18 TO CALL

Everyman's wet
dream, life with
Barbie was a white-
hot passion of
continuous orgasm

BARBIE'S SEX MARATHON

I'd made a date to meet this unbelievably luscious chick in front of my buddy Frank's house. I managed to talk him into the key to his apartment, just in case I got lucky. Her name was Barbara but she'd told me, "Everyone calls me Barbie." So I just got out of work, horny as all hell, and drove up in front of Frank's house... and waited. I was so horny just from thinking about her that I actually considered jerking off at work, but I resolved to save the entire heavy load just for sweet Barbie.

I could picture the head of my cock plunging slowly past her moist red lips, her soft tongue wrapping around and around, drawing my entire cock deep into her throat as I came in torrents, and pumping more semen into her mouth than she could swallow.

I imagined the large glistening streams of cum escaping from her lips and running down her chin. Then I would pull my cock out of her mouth and expend the last few drops of cum on her lips as she tenderly licked the throbbing, swollen head, rubbing it all around her lips and over her face.

Yeah, I would save my hot load of cum for sweet Barbie. I had half a smile on my face just visualizing the scene. It would be more fun than masturbating; she would put it to much better use. I was parked in front of Frank's, but no Barbie. All kinds of thoughts flashed across my mind: She stood me up; she never intended to meet me in the first place; Frank had scooped her and was banging the hell out of her right now.

I must have waited 15 minutes when I saw her, pert and beautiful, strolling down the sidewalk toward me. God damn! Somehow she was dressed sexier than before in skimpy little pink tube top and tight jeans.

"Hi," she said in her own heart-stopping musical way, as she hopped into the car with an equally girlish glee. It seemed

as if adventure, joy and mystery exuded from her every pore.

I looked at her closely to make sure this wasn't all a dream. I took her little chin gently in my hand and kissed her. She surprised me by responding with the most sensuous French kiss I'd ever experienced! But then, I really wasn't surprised. Actually I was relieved that my prediction of her animal nature was so accurate—and we were still parked in front of Frank's.

I was the one to break it off. As I drove she cuddled next to me like a secret, sinful teddy bear. We went to an out-of-the-way bar I knew. A friend of mine ran the place. So I knew that everything would be all right—booths, quiet music, an older crowd. Perfect.

I picked a booth in the dark rear of the bar where everything was shadows and ordered a pitcher of beer. We indulged in small talk and continued our delicate exploration of each other's sensuality in the strange groping way of strangers—not wanting to frighten, yet seething with the primal fires of sexuality raging within.

We danced slowly and she ground her pelvis against my hard cock. I was almost fucking her on the dance floor. And she pressed her large young tits against me, holding me by the cheeks of my ass, pulling me tighter, the look of sweet tormented passion in her beautiful green eyes. She kissed me hard and long, her tongue snaking in and out of my mouth. She was fucking me with her tongue in frantic, simulated desperation. I almost came in my pants. "Stop," I whispered in her ear. We walked slowly back to the booth where she unzipped my fly and removed my large throbbing cock. She fondled it gently while we finished our beers.

"I was wondering why they called you Dick," she said. "Now I know. It's so big, so nice." And she massaged the entire length of it. I was busy myself, sliding my hand down the front of her pants and fondling the creamy wetness of her soft pussy. Her pubic hair was as soft as corn silk and she eased her pussy forward in slow writhing motions to my tender probing touch. I let my finger slide slow and easy into her tight

cunt while she gently bucked and gasped.

"Not here," she whispered and she pulled away, bending down to kiss my cock, running her wet tongue slowly around the head. "Let's go somewhere."

We emerged from the dark shadows of the bar, looking guilty in that odd way that sex has of bathing everything in emotions of urgency. We walked slowly and silently to the car, glancing at each other in furtive grins, knowing that we'd soon be choreographing our own sex opera. The white-hot passion of anticipation before the actual act of love is perhaps the most intense of all emotions.

Barbie cooed and murmured in my lap as I drove, gently kissing and licking, teasing and letting the head of my cock slide ever so slowly past her pouting lips. "How's that?" she asked, looking up at me with her playful kitten eyes. "Great, but I think you'd better wait"

She smiled and returned to her little game, knowing I was on the brink of orgasm. But this only made her more determined. More excited. She massaged my balls and was trying to take the entire length of my cock down her throat just as I pulled to a stop in front of Frank's.

I came down her throat and she swallowed every drop. She licked the head of my swollen, throbbing cock as if she wanted more! How foolish I was to underestimate the capabilities of a true nymph. There wasn't a single drop wasted; she had swallowed all the evidence.

I showed her the bedroom. Frank knew how to live. Here was his enormous waterbed, mirrors on the ceiling, even a small bar in the corner. I held her quivering body close. She was quiet now and a little nervous as I slowly removed her tube top to reveal the most perfect breasts in the world. Somehow the tube top had compressed her large breasts because they looked twice as large, free of their restriction, and they had the cutest little pink nipples!

I stood there admiring her breasts. I was a connoisseur of the female body—and here was perfection. She took the tube top out of my hands and tossed it on top of the bar. "I've never been on a waterbed before." And she slid out of her pants and shoes and threw them in the general direction of the bar. She stood there in her beautiful pink bikini panties, smiling.

I made a motion toward her, to hold her, to suck her delicious tits, to somehow possess those beautiful mounds of flesh when she jumped onto the waterbed like

the playful sex creature that she was. She giggled and bounced over its surface like a child, before landing on her back, laughing with the novelty of it all—and the pure glee of her tingling sexual frenzy.

I removed my clothes and eased alongside of her. I licked her gorgeous tits, between her tits, down the gentle line of her belly, around her belly button, nudging and nib. bling at her panties with my teeth, growling like an animal.

She squirmed out of her panties and tossed them with the rest of her clothes. Everything she did had a certain graceful femaleness, like the way she removed her panties with her toes, flicking them into the air, catching them with her hands and then finally tossing them in the corner.

It was in moments of pure joy like this that I realized how very precious life was; I was alive in the warm glow and wonder of it. I began to worship her body with my tongue, licking her soft pussy, teasing her pubic hair, blowing across it, slipping my tongue into her sweet slit-teasing, going up and around her lovely little belly, then slowly down to her puffy pubic mound, licking her cunt; then down to the inside of her thighs and back up once again to her pulsating, quivering cunt.

I darted my tongue in and out and lashed at her clitoris in wild circular motions with my tongue while she bucked like she was possessed by demons. She grabbed my hair and pulled me hard into her cunt as she came in a spastic, moaning, thrashing orgasm. Her sweet love juices flowed into my mouth in a stream. And I licked her until she settled back in twitches, gently pushing my head away.

Then I moved over on top of her and eased my roaring hard-on into her tight, quivering pussy. She squirmed and pulled me into her, holding me by the ass as she slowly began to build herself toward another climax.

I had never fucked like that before. I found myself riding out a convulsive sex storm. She was in the throes of nymphomania. Everyman's dream. Unlike anything I'd ever imagined in my wildest jerk-off fantasies or wet dreams.

Her pussy muscles worked in spasms and contractions, banging and slamming around my cock like a steel vise. I was giving her all nine and three-quarter inches that I'd been so proud of all these years, only to have it gobbled up and assaulted by an incredible killer cunt

She moaned and screamed so loud

...removing my large throbbing cock from my pants, and began giving me super head.

that I feared the neighbors would call the cops, thinking that someone was being attacked. She came more times than I can remember or count, and settled into a whimpering little chant, just barely audible: "Cum . . . cum . . . oh, cum . . ."

I pulled my cock out of her pussy and came all over her creamy white belly. She rubbed it in and licked it off her fingers, rubbing it all over her face, moaning in her delightful little girl squeals.

I laidback exhausted and watched the mirrored ceiling as she explored my body with her hands, followed by the sweetest kisses of devotion and appreciation, gently applying her "love nibbles" and her warm insatiable tongue to every inch of my body. "Just lay there, Dick," she instructed. "Don't move." And she licked my balls and ran her tongue around and into my asshole. She was ass-fucking me with her tongue!

And I was one mass of tingling nerve endings about to explode. Then she gave me the best, slowest, deepest throat I could ever hope to receive. And she swallowed my entire load once again as I jerked and quivered under her expert touch. She kissed my trembling cock all over and rubbed the red, swollen head across her lips as if sealing some secret night pact to the God of Sin and Merriment.

She cuddled in my arms—a fully satiated little sex kitten, smiling in a wicked way, the gentle blush of sex on her cheeks.

"Barbie?" She snuggled closer, as if going to sleep. "We'd better leave in case Frank shows up."

"But I thought you said..." "You never know when he's gonna drop in."

So Barbie and I washed and slipped clumsily into our clothes, bits of conversation breaking the silence. "Don't you have your own place?" she asked.

"No. I live with my aunt and uncle," I said. "Cheap rent. Sometimes I stay here but Frank's schedule is weird. I don't like to press him. You know, like I'm imposing or something. How about you?" I asked.

"Oh, I'm still living with my parents," she said. "But it's getting to be a real hassle. Like, I'll really hear about it tonight. My dad comes down on me real hard," she said. "He wants me in by midnight."

"My girlfriend's got her own place," she said. "I'm moving in with her." Well, I think you're in for a surprise..."

"What do you mean?"

"I mean ... my girlfriend." And Barbie sat on my lap and began to squirm her

little ass, wrapping her arms around my neck and kissing me, nibbling on my ear. "When I move in with Janice I'd like you to come over and..." Then she ran her tongue around and inside my ear.

Thoughts began to surge into my mind. Wild thoughts. Two nymphs in one bed. The possibilities with someone like Barbie were almost frightening. "You mean the both of you?" I said aloud.

"Janis is really something," she said, "and we've been talking about this for a long time."

"Wait till you meet my girlfriend, and we both get ahold of you . . ." And she slid slowly off my lap onto her knees, removing my large throbbing cock from my pants, and began giving me super head.

I came in her mouth and she licked the throbbing head as she'd done countless times during the wild night. Only this time she surprised me once again. She wrapped her arms around my neck and kissed me, parting my lips with her tongue and passing my entire load of cum from her mouth to mine. I was ecstatic! We kissed this way, passing my sticky load back and forth between us, in the most supreme erotic kiss. She called this her "cum kiss."

In the weeks that followed, I was introduced to a world I never thought possible. Barbie was my constant companion in a suck-and-fuck marathon that was her world of almost continuous orgasm.

I banged Barbie and then gave it to Jan. The entire summer months were spent this way. A dream come true. They were like a gift from the gods. Sweet female nectar.

All good things must come to an end, I'd been told for so long. And every day I squinted in disbelief, waiting to awaken from this lovely dream, for something to shatter my newfound world of joy and wonder, but it never came. Not that way.

Barbie enrolled in a college several hundred miles away. Jan asked me to move in with her, which I did. Happily Jan was a nymph in the true tradition.

I sometimes wonder about the guys at that college, and how they must be receiving an education they hadn't bargained for in the wildest flights of their imagination. Barbie would surely, and single-handedly, change their concepts of sexual behavior for all time.

And she still returns home, when she can, for entire weekends in a wild sex scene. She'll often bring a "girlfriend" home for a new and exciting round of threesome play.

Thank you, Barbie!

Hand-y Man

Taking pleasure into
your own hands

The orgasm is the most exquisite physical sensation possible. Best of all, this delight and release is readily available. It costs nothing. It requires no equipment (beyond the obvious!), no cooperation from others, no special scene or setting or time, no elaborate preparation or cleanup. And masturbation can never cause disease, or result in an unwanted pregnancy. It is pleasure, pure and simple.

Statistics show that virtually every male has masturbated to orgasm, and that nearly all men continue to masturbate throughout their lives. Even men who are married or who otherwise enjoy regular release of sexual tensions are extremely likely to masturbate regularly. And why not? Who is harmed if a dude takes a few moments out of his day to make his whole being tingle with pleasure and release?

We have all been looking for the perfect masturbation orgasm for years. Here are some ideas to try.

Basic Beating Off

Basic, no-frills jerking off—the sexual equivalent of plain vanilla ice cream—is what makes the make yourself-feel-good world go round. The majority of men discover that they can excite themselves to the point of ejaculation simply by grasping the erect penis and working the hand up and down till the explosion occurs. Some wrap a fist around their hard-on, while others prefer to place the pads or tips of their fingers along the underside of the erect penis, with the thumb on top.

Men who have not been circumcised may work the foreskin up and down over the head until the friction excites the sensitive sexual nerves to the point of ejaculation. Others employ the technique of stroking the head and that loose skin until they come.

Whatever manual technique is employed, simple handling or “beating off” is the most common method for men to give themselves the shuddering delights of orgasm.

Even as most men tend to use the same hand and the same motions almost every time they masturbate, most place themselves in the same physical position each time. This is natural and satisfactory, but occasional variations in position and technique can add spice to the experience. And some variations cause the sensations of orgasm to be more intense.

The three most basic and common positions for masturbation all involve being in bed: lying on the back; kneeling; or lying on the side. Each has its advantages, but why enjoy just one? Go ahead and try some variety! Lie on your back so you can watch and feel the hot jets spurting from your distended red cockhead onto your bare belly. Kneel so that the motions of beating off make your balls jiggle and feel good. Relax on your side with our hand free to pinch your nipples, or to turn the pages of whatever arousing book or device you’re enjoying. All three positions allow for different sensations, and for your free hand to titillate different parts of your body.

But those are far from being the only positions of pleasure. Lie on your back and swing your legs into the air. Let your feet drop behind your head and watch your cock inch towards your face. Only about one guy in 100 is able to suck his own cock. But if you’re not one of those fortunate few, you can still enjoy the thrills of a new position. If the notion is exciting to you, go ahead and let your jism splash into your mouth and onto your face. There is certainly no harm done, and we all know that sperm is entirely harmless when swallowed.

If there’s not a bed around, use a chair. You may sit

with your legs together so that your downward stroke (very carefully controlled) bumps against your balls and imparts a little extra sensation to the nerve endings in your scrotum and testicles. Or you may separate your legs and lean forward a bit so your balls swing free. Just another way to get an extra zing from spanking your monkey.

If you've got three roommates who are likely to come busting in on you with their girlfriends at any minute, you obviously aren't going to want to lie with your legs up a wall and your juice splattering all over your face, so go where you're guaranteed privacy—the bathroom. Sitting on the toilet offers the same options as a chair. Or you may kneel on the floor, or stand up. Standing or squatting, you may want to stay near a wall so your body can concentrate on enjoying the rush of jizz through its canals instead of dividing its attention to keep you from falling on your face. If you squat, you'll find that your balls swing pleasantly free and that you can use your free hand to titillate your anus.

The thing about positions for masturbating is simply that once you're conscious that there's no reason always to be in the same position, you'll be able to invent good ones just by thinking about it. The same thing is true about techniques and variations. The effectiveness of some of these variations may depend in part on how long it has been since your last orgasm. If you haven't come for a while, lying prone on a bed and hunching your genitals against the sheet (or, as an option or alternative, against a pillow) may well be exciting enough to produce an eruption. Whereas if you've made yourself blow three wads in three hours, it's likely to take something more directly and actively stimulating to bring you off again. Therefore, it's usually most exciting and satisfying to try a new masturbatory method for the first orgasm of

the day, when your nerves are more hair-triggered.

Motionless Masturbation

Sometimes conditions keep you from engaging in the active exertions of regular jacking off. If there's another person in your bed, or if you're in a trailer that jiggles every time you move, or if your bed squeaks, then the motions of beating off are like a blaring siren which tells everybody around just what you're doing to yourself.

Nevertheless, orgasm is possible under these don't-move conditions—and it can be excruciatingly intense and delightful. Take the loose skin under the head of your penis and pinch it between your thumb and first two fingers. A hard, rotary squeezing and pinching motion does not jiggle the bed, make any noise, or otherwise signal that you are masturbating. But the sensations are intense, and you're likely to find that the most delightful part of your orgasm lasts longer than usual; and it can be controlled and extended by your tightly pinching fingers.

This method of masturbation is also ideal for when you're watching a movie: with a coat over your lap you can bring yourself to orgasm without ever showing the slightest external sign to other people in the theatre. You can, for that matter, also use this method while riding on a bus at night. (I sincerely believe that if you have never discovered this method before, it alone is worth more than you can ever imagine.)

Unbeatable Ecstasy

As the nerves in your penis and groin area become more and more excited and ejaculation races closer and closer, the whole of your body is involved in the pleasure.

And this pleasure can be intensified to almost unbearable levels if you know how to excite your body beyond simply the amount necessary to bring it to climax.

The scrotum contains hundreds of sensitive nerves, and tickling or rubbing them can increase the intensity of sexual excitement a great deal. Experiment with your own body, searching for ways of titillating your nerves to produce special pleasure. The area between the scrotum and anus is another hotbed of nerve endings which can be touched, tickled, or prodded to produce an extra jolt of delight.

The anus itself is one of the most sexually sensitive and exciting places on the body. Many men find the intensity and the length of their orgasms enhanced enormously through manipulation of anal nerves. Choose a position which allows comfortable access to your anus while you use your other hand to masturbate. A little dab of lubricant—Vaseline, K-Y, or some of the new “personal lubricant” products—around the anus allows a man to slip as much of his finger inside himself as feels good. The finger may be worked in and out, pressed inwards, or moved in a rotary motion which puts exquisitely pleasant pressure against the tight muscles of the anal sphincter.

You may find that this kind of anal stimulation changes the whole focus of your orgasm. Instead of an orgasm focused and centered in the nerves of the penis, anal stimulation can make the whole middle part of your body throb and tingle with excitement. The rippling feel of orgasm may start back around your anus an agonizingly, wonderfully long time before the actual spasms of ejaculation begin to force the sperm through their tubes and out your penis. The result is an orgasm which may be three times as long as normal. Try it!

(Be careful: Be sure that your nails are clipped and smooth and that your hands are clean.) This particular

method of extra titillation is especially effective when used in conjunction with the rubber-in-a-sock method, described later.

Other anal excitement can be provided by specially-made anal attachments to vibrators (see “Extra Equipment”), or by the careful use of some other object placed in the anus. A tampon inserted (with the help of a dab of lubricant) into the asshole can be exciting, with the string given exciting little tugs during the process of masturbation.

Pinching or squeezing nipples can be an extra stimulus, although this is one of those things which is frequently more exciting when it is done by the partner during sex.

Some guys find that orgasm comes very quickly and very pleurably if they begin their jerk-off session by using a large rubber band or a piece of string to tie around the scrotum, where it's linked to the bottom of the dick. This technique must of course be done very carefully. When the string or rubber band is drawn gently tight where the dick and ball sac join, the skin of the erect penis is drawn very tight. (Squatting is a good position for this.) The tightness of skin on the cock makes eruption of thick gobs of cum happen very quickly, and the skin covering your balls will probably be extras sensitive too.

Caution: Be sure that you do not pull the string too tight. Be sure that you can release the string or rubber band easily and readily, without having to reach between the string and your balls. Doing this carelessly can hurt.

Extra Equipment

Although a guy may enjoy a satisfying orgasm with nothing more than his dick in his hand, there are extra objects which may be used, either for variation or to intensify the experience.

Sex aids are readily available, and numerous websites offer many options to have what you order discreetly delivered to your door.

An artificial pussy can range in price, from the more affordable to several hundred dollars for than \$100 for an elaborate doll with three orifices, pubic hair, vibrating pussy, and even sexy voices urging you to thrill her and drill her more and more with your amazing manhood. But the relatively cheap inflatable vagina is not a bad deal. It isn't quite the real thing, but it's okay. (Be sure not to use petroleum-based lubricants on rubber items: the rubber will rot almost overnight. Hand lotion is an excellent lubricant, washes off easily, and keeps your dick from getting chapped.)

Rubber-in-the-Sock

As good as or better than those plastic pussies is the old rubber-in the-sock standby. Unroll a rubber—it doesn't have to be fancy or lubricated or color-coordinated—and squirt a shot of lube into the first inch. Slip the rubber over your erect cock and pull it all the way on, making sure there's enough lotion to get your whole penis slick: the rubber must move up and down the shaft of your penis easily and with no drag. Get all the air out of the rubber and leave a couple inches of rubber dangling so you have room to move. Then, quite simply, wrap your rubberencased cock in a cotton sweat sock (wool will feel funny). You are creating your own tight artificial vagina. Wrap the shaft all the way to the head, but leave room for the head of your penis to thrust slightly beyond the end of the wrapping. Add more socks till you have a ball about the size of a softball. (You can use a towel to wrap, but this will result in more broken rubbers than the socks method.) Move the sock-ball up and down a couple times to make sure that the friction on the sensi-

tive nerves is right, and then have fun!

Many positions make this method work wonderfully. Lie half on your side and half on your stomach so the socks are jammed between you and the bed; the motions of ordinary fucking will produce the sensations of real fucking. You can fold the sockball into a pillow and hump it, trap the sock-ball between mattress and box springs, or jam your artificial vagina under the cushion of an easy chair. A position which allows easy finger access to the anus is highly recommended: some men have reported that a combination of rubber-in-a-sock and finger-in-anus has given them the most intense orgasms of their lives.

If you wash and dry the rubber carefully, that original low-cost investment can last through six months of daily jerking off without breaking.

More Cum-Filled Ideas

An ordinary vibrator applied on or behind the scrotum or in or around the anus can add a tingling sensation to a session of masturbation, regardless of the technique or position chosen.

Of course, fuck magazines, porn flicks are tried and true aids to masturbation. So are your own fantasies. Regardless of preference, one of the most important and yet least frequently mentioned aids to a really first rate session of making yourself feel good is nothing more than relaxation. Don't worry, don't hurry. Relax and enjoy yourself. If you're reading a magazine, watching a video, or working up your own fantasy, be sure to give yourself the time and leisure to get wholly wrapped up in it. A quick orgasm is an orgasm, all right. But a leisurely orgasm is a treat.

Treat yourself right. *Treat yourself!*

Young girls can be full of surprises. You think they're innocent, and they're sluts. You think their parents are home so they won't give it up, and soon they're howling like there ain't nobody for miles. You think she's just another girl and next thing, you're shooting your wad on the soft skin of her pretty face. It's a world of surprises.

We have five girls here who each has her own surprises. Mandy Luxx, Chase Taylor, Evelyn Lin, McKenzie Miles, and Mackenzie Pierce are some of the sweetest, most surprising teen sweethearts you've ever seen. Even these guys, who are pros and know chicks and fuckin', they are shocked by what they encounter. In the best way possible.

These are five distinct fuckings that none of us saw coming, least of all the guys who get their dicks wet. Prepare for the unexpected and take it as it cums—and cums and cums. Just like the pros.

By Acme Andersson

Mandy Luxx

You haven't come along a tempting innocent like this since you got your hand smacked for squeezing the Charmin in aisle 9. Johnny is luckier than he knows when he puts the make on this sweet-looking legal, and she turns receptive and in no time she's showing off her remarkable stuff on his couch and with his dick at full mast, he lays it gently on her bottom lip only to watch her vigorously stroke it and suck it like she doesn't even need to fuck it, she'll just make him cum right there.

But he calms the young cutie down, bends her over and reminds her what it's like to be a horny young girl between high school and college, the two seeming to push her twat together so tight that it's hard to get a full-grown man inside, even though she gives it that college try and sure enough he's soon stroking his long dick in her pussy and she's bent over, hoping to goodness she cleaned her ass good because that guy, whatever his name is, he's probably looking at it right now as he fucks that squeezebox.

Oh, she's a little less self-conscious when she gets on top and we see her pussy is dripping with juice. Then he does something she's only seen in the movies: He takes his dick out of her twat and lets her know there's a flood about to come out of the hole at the end of his wand. She puts her mouth on it and splish and splash, his goo gobs up her mouth and she doesn't know what to do but swallow it. A taste she'll never forget and one she'll be getting a lot more of as she goes off to college.

Chase Taylor

We all know there are lots of girls out there who like to dress like sluts and then when we give them the attention they seem to be begging for, they're like, "Omigod, what the fuck, you pervert?" Jenner was concerned that was how Chase was going to be. He was on a cold streak when he ran into this gap-toothed, dirty-looking grad out at the mall. They chatted a bit as she lapped at an ice cream cone and then he asked her if she'd ever modeled. "Maybe," she said snottily. He told her he had a camera and some friends and maybe if he let her take some pictures...

Soon they're back at his place and she's posing like a pro. "I've looked at all the magazines," she said. "I bet I can fuck as good as any of those other girls. Wanna see?" He takes off his clothes and keeps taking pictures and she sucks his cock. He reaches down and feels her pussy, her lips are thick and wet. "Get on top of me," he tells her. She does and spreads wide and rides like a girl who is no stranger to having a cock in her puss with a camera two feet away. "You like the way my juicy cunt feels?" she asks, grinding into him hard, knowing he'll feel it the next day.

At her urging he takes her from behind, her big lips splitting like the Red Sea on the magical day and he takes his cane already raised into the air and injects into this super-pussy, ramming her as hard as she was riding him. He knows she's no first-timer, far from it, but he wants to make sure she remembers this thrashing. She hears him grunting as he is about to come to a close and she tells him to cum on her face. He pulls out and she does a 180 and immediately he goes splat on her pretty mouth, a big load that she blows bubbles with and drips down on her little titties.

Evelyn Lin

Evelyn is the silent type who likes her men strong. None of these skinny hipsters or spiky-haired jocks for her; she wants a man who throws her around like a rag-doll without asking any questions. So she's taken to hanging outside gyms in her car and when she sees a guy she likes, she pulls up and literally picks him up. Lee is just smart enough not to ask questions when a pretty girl tells him to come inside.

Evelyn takes him back to her place without a word. He follows her inside and after she shuts the door, she takes off her clothes and he does the same. She gets down on her knees and sucks his cock and he looks down at this beautiful girl and can't believe his luck as she keeps his cock in her mouth, pushing him back in the couch and climbing up his body until her pussy is even with his cock. She grabs and leads it inside, surprised by how his curves feel inside her pussy.

She howls from deep inside during doggie, then blasting her missionary, her pretty face snarls, seeming to say, I can take it, just fuck me! He romps on until he feels his balls start to shake. "Cum in my mouth," she says, dropping to her knees where she'd begun. She lets him jerk off into her wide-open mouth. Most of it gets inside, though a few stray streams of white do hit her lovely porcelain face.

McKenzie Miles

Maybe James is jaded after all his porn-lovin', but he just can't believe McKenzie is only 18. "I know, I look old for my age," she admits. "Lots of guys think I'm 19 and once, I swear, I didn't get carded at the bar." He takes this girl at her word and her abilities seem to be those of an older girl.

"So I've had a little practice, you gonna hold that against me?" she asks. "I'm not asking you how many cunts you've jammed that thing into, just that you jam it into mine." James smiles and plays with her little tits and she grabs on to her boots to keep steady and finally he lets her get on top and play for a while and again he is blown away by how this young girl knows exactly how to move her body, her hole doing things to his cock he's never felt before.

"Take me from behind and I'll let you face-fuck me until you cum," she says. This is right up his alley, so he does her doggie then shoves his dick in her mouth and cuts loose until his jizz is smacking her throat. "I guess you better get back to your studies," he says. "Studies?!" she exclaims, "Who has time for studies?! I'm too busy with studs!"

Mackenzie Pierce

It's only the luckiest of guys who finds himself face to twat with a young darling like Mackenzie, especially getting to nail her in her own bedroom, the one she grew up in and the one she'll soon leave for the dorms of state university.

It isn't until she is sitting on her bed and lifts her shirt that he realizes the opportunity in front of him. Soon enough those shorts are on the ground and his cock is grinding its way into her pink hole in her pink-themed room as she pries her perfect ass cheeks apart to show a pink little cheerio, too. *Oh, come on!* He thinks. *Does this girl want me to cum in 30 seconds?!*

She turns around and he takes her from the side as she plays with her puss and her pigtails bounce with every thrust of his cock. "I bet I can make you cum," she says. Playing along, he says he bet she can't. So she rides his cock and grinds and does some squeeze thing he's never felt before until finally he shouts, "You win!" She jumps off his cock and sucks it, waiting for his jackpot and when she feels it cumming, she aims his cock across her face and out flies great white lines that split her face. When he seems to have finished she sucks a little more out of him, then says, "You know this is my parents' house and if they catch you here, you're dead, so if I were you—" Before she can finish, he is practically out the door, but not without turning around and taking it all in one last time, this 18-year-old beauty naked on her single bed with his cum on her face. *I wonder if maybe I should take a class at the college this semester, he wonders.*

AVRIL

I've had all my sexual fantasies cum true – except one. I'd like to be the first woman to have sex on the moon. You'd have to fuck with your flight suit on. I'd have special ones made so you can get action through special holes in the suit so you can actually be on the moon's surface when you do the deed. That seems more exciting than just fucking on the kitchen counter.
